

Economic Growth Region 3

Statistical Data Report for November 2012, Released January 2013

Regional and State Unemployment (seasonally adjusted)

Regional and state unemployment rates were generally lower in November. Forty-five states and the District of Columbia recorded unemployment rate decreases and five states had no change, the U.S. Bureau of Labor Statistics reported. Forty-three states and the District of Columbia registered unemployment rate decreases from a year earlier, six states experienced increases, and one state had no change. The national jobless rate, 7.7 percent, edged down from October and was 1.0 percentage point lower than in November 2011.

Nevada continued to record the highest unemployment rate among the states, 10.8 percent in November, followed by Rhode Island at 10.4 percent. North Dakota again registered the lowest jobless rate, 3.1 percent. In total, 25 states reported jobless rates significantly lower than the U.S. figure of 7.7 percent, nine states had measurably higher rates, and 16 states and the District of Columbia had rates that were not appreciably different from that of the nation.
